Recommendations

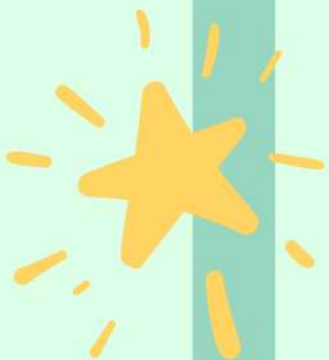

@divertilandia.digital

1. Print this booklet in black and white or in color.
2. You can also laminate the pages separately to be able to review the activities many times over.
3. Teach your little one how to hold a pen or pencil properly.
4. Practice together. It's very important for kids to feel your support when learning something new.
5. These exercises are very useful for improving children's Spanish vocabulary as they contain different types of activities tailored to their age.
6. Don't despair. Everything takes time. It will take time, hours of practice, and a lot of determination for your child to acquire the ability to read and write fluently in Spanish.

Learning is fun!
